Description: Interview - Oral - Chad Marshall - 12/20/2012

Activity Date: 12/20/2012
Report Date: 12/26/2012
Approved By: Lewis, Mark

(V) HOLLY LYNN BOBO, W/F, DOB: 10/12/1990

Special Agent Troutt authored this document on December 26, 2012.

On December 20, 2012, SA Troutt and SA Booth spoke with Chad Marshall (Previously Indexed). After proper identification and explanation as to the purpose of the interview (information obtained Chad Marshall and Clint Bobo were having an affair with Bethany Jowers, Previously Indexed) Chad provided the following:

Chad denied an affair with Bethany Jowers citing his friendship with Casey Jowers as the reason he wouldn't be involved with Bethany. Chad denied any knowledge Clint Bobo and Bethany had an affair. Chad stated he and Clint were best friends prior to Holly Bobo's disappearance, but are not friends now. Chad stated he still considered Casey Jowers his friend, but admitted he and Casey stopped hanging out, as well. Chad mentioned the reason for this was because Bethany Jowers had tried to stir up things during the time Bethany and Casey were separated.

Chad explained Clint will not return Chad's phone calls and Chad has stopped reaching out to Clint. Chad stated he is puzzled by Clint's behavior and doesn't know why Clint stopped speaking to him. Chad mentioned before Holly's disappearance he and Clint were close. Chad mentioned he talked to Clint every day, at least by telephone. Chad reiterated he phoned Clint the morning of Holly's disappearance like he did every other morning, but Clint did not answer. Chad stated he assumed Clint was in the shower or drying his hair, as the reason Clint did not initially answer the phone. Chad stated he continued to call Clint that morning. Chad stated at some point Clint answered the phone and told him what had happened to Holly. Chad stated he hung the phone up and proceeded immediately to the Bobo residence.

Chad explained he had hunted in the area of the Bobo residence extensively. Chad stated he was confident whomever abducted Holly was local and knew the area or had spent an extended time studying the Bobos and the area. Chad explained this theory based upon a route drawn for him during one of the seven times he stated he was interviewed by FBI, TBI, or local law enforcement. Chad recalled during one of these interviews someone drew him a map showing how the escape route of the abductor. Chad stated it was too complicated a route for someone who did not know the back roads of the area intimately. Chad stated he did not know of anything or anyone that law enforcement had not followed up on to help find Holly. Chad mentioned law enforcement initially wanted to take his phone for a few days to analyze it. Chad recalled refusing the request stating he needed the phone for work purposes. Chad stated he allowed law enforcement to take his phone and return it to him on the same day. Chad
